Exhausting Concert

by [MiaQc](#)

Summary

After her concert in Los Angeles, Jennifer Lopez is exhausted.

- A translation of [Concert épuisant](#) by [MiaQc](#)

After my concert in Los Angeles, I am so tired that I fall asleep in my limousine. I barely manage to wake up and go to bed. I sleep the next day, although I have an autograph tour to do for my fans. My manager wasn't happy with me, but I don't care. It's not my fault I'm so exhausted! Being a celebrity is draining.
